

Model 78A Pneumatic Wire Stripper

The Model 78A Pneumatic Wire Stripper provides a fast and accurate way to strip a broad range of wires and cables. This compact unit features calibrated adjustments for wire diameter, strip length, and pull length, making operation and change-over simple and fast. Using the flexibility of our unique stripping blades, the Model 78A can easily strip hookup wire ranging from 10 to 30 AWG, and multi-conductor cables up to 0.250" OD. The Model 78A is made by Carpenter Mfg. Co., Inc. in the USA and comes with a durable powder coat finish and a 1-year limited warranty.

STANDARD FEATURES:

Machine Reset Feature

- Integrated Air Blast
- Simple Pneumatic Operation
- Full or Partial Wire Strip
